

Vintage Modernists: A Franco-American Experience

Vintage Modernists: A Franco-American Experience - a high-energy turnkey concert celebrating the exhilarating meeting of French elegance and American roots through the original sound of Gypsybilly. Created by husband/wife duo Fabrice and Tracy Vignati, this vibrant experience blends captivating original songs, virtuosic musicianship, engaging storytelling, warmth, humor, and audience interaction into an unforgettable journey of music and culture. Inspired by tradition, not trapped by it, it is more than a concert. It is a joyful celebration of creativity, connection, and discovery leaving audiences inspired, smiling, and eager to share the experience unlike anything on today's touring circuit. Designed for PAC's seeking audience-pleasing programming, the production is technically straightforward and artistically unique.

Complementing the performance are engaging educational outreach programs and masterclasses exploring the cultural roots and creative evolution of this transatlantic musical style, creating meaningful community engagement proving that when traditions meet, extraordinary new stories—and unforgettable music—are born.
